Happenings at the Chapel
 One of the details of the renovation of the E,TGHF is to ensure that ongoing maintenance of the Chapel is completed. 2025 required 2 major jobs to be completed.

Furnace Replacement
 After 15 years it was determined that the chapel needed a new furnace. President Fred Julian researched what was available, held an email meeting with the directors and then arranged for a new furnace to be purchased and installed.

Refreshing the Front Doors
 The front doors needed preparation for the onslaught of winter and the road salt that accompanies it.
